### Did you know?

*The Queensland Horse Council (QHC) is run for Queensland's horse industry by Queensland horse industry.*

The QHC has been in existence since 1986 and is made up of individuals, horse associations and equine businesses such as veterinarians, farriers, riding instructors and schools and horse trainers.

The QHC predominately represents the performance and pleasure horse sector, which comprises of all equine interests other than racing, however we enjoy an excellent working relationship with the Racing and Thoroughbred breeding sectors.

The QHC does not organise equestrian events, it is not a breed registry and we do not seek to interfere with the internal functioning of individual organizations.

We span the whole of Queensland and are focused on investigating and representing issues for the general good of ALL of the horse community.

We enjoy a good working relationship with Qld Primary Industries & Fisheries and are members of the Australian Horse Industry Council (AHIC).

We operate solely on memberships and do not receive Government funding.

Please support the work that the Queensland Horse Council is doing, by becoming a member. Visit our website at [www.qldhorsecouncil.com](http://www.qldhorsecouncil.com) to download a membership form.
