OUR APOLOGIES

Due to some technical difficulties we've been unable to send out bulk emails. The problems are now hopefully resolved and we look forward to resuming normal transmissions.

Although we have been 'off air' so to speak, we have continued to work extremely hard for the Queensland horse community throughout the entire year and look forward to being able to share our activities and passions with you again!

GAMBLING COMMUNITY BENEFITS FUND

In September this year we acquitted a grant from the Gambling Community Benefits Fund. This very generous grant has enabled the Queensland Horse Council to purchase Large Animal Rescue training and safety equipment and roll out the QHC Large Animal Rescue Roadshow.

The Queensland Horse Council Inc. is extremely grateful to all associated with the Community Benefit Funds Unit of the Office of Liquor and Gaming Regulations for their generous support of such a worthy initiative.

[Click here](#) to see what we've been doing with this fabulous grant!

thanks!

December 2013

Wishing you and yours a very merry Christmas from us and ours!

SEEKING EXPRESSIONS OF INTEREST

2014 QHC Large Animal
Rescue Roadshow

Are you interested in co-ordinating a one-day Large Animal Rescue workshop in your area? To find out more [please click here](#).

ARE YOU READY FOR THE STORM SEASON?

The QHC provides a series of free, short, downloadable Fact Sheets, to give useful summaries of a range of topics associated with horse health, care, management and emergency preparedness. Visit our website at www.qldhorsecouncil.com to view, download and print these fact sheets and share them with your friends.

We also have an [Emergency Planning Workbook](#) to assist you to prepare for the storm and fire seasons. Please take the time to plan ahead for it is widely understood that those who prepare beforehand are most resilient in an emergency situation. There are no guarantees of course, but we are passionate that Queenslanders and Queenslanders' horses are given the best opportunities for survival, recovery and resilience in the event of an emergency.
